25 PERSONS INJURED

Natural Gas Explosion at Pittsburg, Pa.

TWO ARE FATALLY HURT

When Match Was Struck to Light the Kitchen Fire, Terrific Explosion Followed—Two Persons Blown Through Windows—Dwelling Shattered.

Pittsburg, Pa., Nov. 16.—About twenty-five persons wer einjured Friday, two fatally, and a dwelling house was torn to pieces, when an explosion of natural gas occurred in a house located at No. 103 Elm street, this city. In the fire which followed two firemen were severely burned.

Fatally injured are:

Mrs. Sarah H. Grossman, blown through roof.

Jacob Bergerman, blown through roof.

Seriously injured: Three members of the Grossman family; three members of the Moidel fally, which also occupied the house, and Theo Bulner, a guest of the Grossman's.

About fourteen other persons in the neighborhood received injuries.

Windows in their houses were shattered by the concussion and plaster fell upon them.

Apparently gas had been leaking in a kitchen stove all night. Early Friday morning when a match was struck in the lower portion of the house to light the stove, there was a terrific explosion. The house was torn to pieces. The roof was blown high into the air, and the front and rear of the dwelling collapsed.

Mrs. Grossman and Jacob Bergerman, a boarder, apparently received the full force of the explosion, both being blown from their beds throug the roof.

ALABAMA LEGISLATURE.

Some Doubts as to Passage of Constitutional Prohibition.

Montgomery, Ala., Nov. 16.—The house and senate were slow in getting to work, and passed few bills.

The former endorsed the bills for regulation of railroads, fixing penalties of the railroad commission and providing for inspection of books of corporations in contests. The senate passed a measure for statements of standards in cotton seed meal, and spent the rest of the day in speaking on the maximum rate bill.

The state corporation measure passed by the house was referred to the senate, and a public hearing will be had on it by the committee.

It will very likely pass. There is very grave doubt that the bill for constitutional prohibition will get through.

WHITE SLAVE TRAFFIC.

Chicago Charged With Being Clearing House for Same.

Chicago, Nov. 16.—Charges that Chicago is the clearing house center of white slave traffic, which covers not only the United States, but which sells unfortunate girls to Panama and the harems of Turkey and Egypt, were made Thursday night by Miss Rose Johnson, a London rescue worker, at a mass meeting held at the Central Y. M. C. A.

Judge Fred I. Fake, chairman of the meeting, told of numerous instances where it had appeared that a white slave syndicate was doing business in Chicago.

Many Italians Jailed.

Nashville, Tenn., Nov. 16.—There are between forty and fifty Italians in jail at Columbia, Tenn., charged with an attempt to beat their board bills. These men were brought from the city of St. Louis, Mo., under contract to work on railroad construction at $1.25 per day. On arrival they claim they were given $1.85 and refused to go to work.

Wireless Station Burned.

Nantucket, Mass., Nov. 16.—The Marconi wireless station at Siasconset was destroyed by fire Friday. The loss will be seriously felt, as operations will be interrupted for several weeks.

SEA ISLAND COTTON.

Savannah Demand Rather Firm for Everything Except Extra Shorts.

Savannah, Nov. 16.—The market early in the week was firm with a good demand for everything except extra choice, and good sales were made. Later the demand slacked off for the lower grades, but continued for fancy, which is only sparingly represented in the receipts.

The close was firm for fancy at steady to slightly better prices, but quiet and steady for the lower grades, with a decline in quotations for extra choice.

Quality of the receipts still poor, and the crop is evidently of a low grade. There were no new developments as to the size of the crop. The weather was favorable for picking, but killing frost occurred over a good part of the Sea Island section.

SHAKE IN A BOTTLE.

Advice of Noted Authority, Also Gives a Simple Home Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

A Delightful Occasion.

The Philanthea Society of the First Methodist church gave a delightful party to their gentlemen friends of the Baracca Society at the home of Miss Gertrude Robertson, Alachua avenue, E., Friday evening. The occasion was well attended, and all who attended report a most enjoyable time.

The evening was passed in music, games and conversation, and at a late hour the guests departed with many obligations to their hospitable hostess, the Philantheas.

UNIVERSITY BOYS WON EASY VICTORY

Riverside Defeated by Gainesville Boys by Tremendous Score.

TWENTY-ONE TO BIG GOOSE-EGG

Some Beautiful Plays Were Made, and the Defense of the University Boys Was As Strong As a Brick Wall. University's Good Work.

Jacksonville, Nov. 16.—Twenty-one to a big goose-egg was the score in the foot-ball game between the University of Florida and the strong Riverside team this afternoon. The game was well attended.

This was a pretty but one-sided game. Forsyth repeatedly carried the ball for good gains. Alderman tackeled in his usual good style, at one time saving a touch-down.

Alderman, Rader and Forsyth twice captured the ball across the approaching goal.

THE NEWS FROM ARCHER.

Archer, Nov. 16.—The Knights of Pythias gave an oyster supper at their hall on last Thursday evening which was much enjoyed by members, their families and friends.

Mrs. Toole and children of Bainbridge, Ga., are visiting their parents, Mr. and Mrs. Chamblin.

C. D. Wood is attending court this week, as foreman of the grand jury.

A. D. Chamblin is attending the Presbyterian Synod, now convened at Tallahassee.

Miss Essie Smith, Miss Edna McCready, Miss Ida Chamblin and Andrew Smith spent Sunday at Micanopy.

Mrs. Bauknight is home again, after a pleasant visit to her daughter, Mrs. Tucker, of Live Oak.

A new building is being erected near the depot, to be used as a bakery.

Miss Kitty Hodgson arrived home last evening from a visit to friends in Raleigh, N. C.

An Appreciation.

Editor Sun—During the past week it was my privilege to attend the services of the week of prayer held at the Methodist church by the ladies of the two missionary societies. The attendance was splendid, and the collection very good.

The writer has attended similar meetings elsewhere, but has never seen so much interest in the work at any other place. The Foreign Missionary Society, of which Mrs. T. F. McBeath is president, has 113 members, and the Home Missionary Society, of which Mrs. W. L. Floyd is president, has 102 members. Both societies are an honor to the church and the city. VISITOR.

Banquet to Gov. Magoon.

Havana, Nov. 16.—To show the gratitude of the country for good government, the chamber of commerce has unanimously decided to give a banquet to Governor Magoon. It is planned to make a huge demonstration of the banquet and in furtherance thereof all the commercial, agricultural and industrial elements of the island will be represented.

Denver Is Selected.

Nashville, Tenn., Nov. 16.—At the meeting of the national officers of the Woman's Christian Temperance union here Thursday, Denver, Colo., was selected as the meeting place of the national convention. Mrs. Cornelia T. Jewett was chosen managing editor of the official organ, The Union Signal.

Salvation Army Steamers.

London, Nov. 16.—According to the Shipping Gazette, there is a probability that the Salvation Army will soon own several trans-Atlantic steamers. The steamers will be used in connection with the Army's scheme for promoting Canadian itamigration.

GARY ON FINANCES.

Says There Is Too Much Fuss Over So-Called "Financial Flurry."

Chicago, Nov. 16.—Elbert H. Gary, chairman of the board of directors of the United States Steel corporation, thinks there is "too much discussion" of the financial conditions of the country.

"All this talk about the so-called tight money market makes people really believe there is one when, as a matter of fact, everything is in first class shape," he said:

"If I thought there was anything the matter with the country's finances I would not hesitate to give my views at length. But what is the sense in making a great fuss over the so-called financial flurry?

"In a little while all the disturbance will be over, and then the persons who have been doing a lot of talking about the temporary financial upset will feel silly, I think.

"It is not a time for talking. It is a time for a strengthening of the general care in unquestionable financial soundness and abounding material prosperity of the nation."

AUTHORESS SUICIDES.

Mrs. May French Takes Deadly Dose of Cyanide of Potassium.

San Francisco, Calif., Nov. 16.—Mrs. May French, poetess and authoress, ended her life Thursday by taking cyanide of potassium at the Bungalow of the poet George F. Sterling, at Carmel-by-the-Sea, a rendezvous of artists and writers on the Pacific ocean below Monterey.

No reason can be assigned for the suicidal act and her friends seek in vain for some explanation for the impulse which prompted her to take her life in such a sudden and tragic manner.

Miss French enjoyed good health, and her life, to all appearances, ran smoothly, giving every promise of a brilliant career. For some years past she had been a contributor to various coast magazines, and some of her verses and prose have found their way into eastern publications. Miss French was 24 years of age.

BRYAN MAKES NO FIGHT.

But He will Accept Nomination If It Is Tendered Him.

Lincoln, Neb., Nov. 16.—William J. Bryan will accept the democratic nomination for president in 1908, but he will neither ask for nor make a fight for it.

Mr. Bryan says that for a year or more he has been pressed to answer the question, "Will you accept the nomination?" and he believes the public is entitled to an answer and to know the position he occupies. The question that ought to weigh most, he says, is whether his nomination will strengthen the democratic party more than the nomination of some one else. Not only will he not seek or ask for the nomination, but he will not assume to decide the question of availability, and if the prize falls to another, he will neither be disappointed nor disgruntled. At the same time, he denies that he has waited this long in a desire to see whom the republicans are likely to nominate, or to ascertain the chances of victory.

Indicted for Peonage.

Pensacola, Fla., Nov. 16.—Thomas M. Graham and J. B. Graham, large naval stores operators in Escambia county, Alabama, were indicted Wednesday by the United States grand jury for peonage. The Grahams are accused of holding negroes in peonage. One count charges that they crossed into Florida and secured a man from the plant of the Mayes Turpentine company. Mr. Mayes objected and a volley is said to have been exchanged. The trial of the Grahams will begin in Pensacola next week.

Steamers in Collision.

Mobile, Ala., Nov. 16.—The British steamer Newlands, loaded and ready to depart for the continent with a cargo of timber, collided with the Norwegian steamer Mercator here Thursday in the harbor. The latter vessel was damaged to the extent of $5,000. The Mercator was turning in the harbor when the Newlands struck her. A libel was filed against the Newlands.

THE BRADLEY'S TRIAL

Prosecution Will Soon Complete Its Testimony.

DEFENSE READY TO BEGIN

Celebrated Case Being Tried at Washington, D. C., In Which a Woman Is on Trial for Her Life, Is Nearing Its Close.

Washington, Nov. 16.—The trial of Mrs. Bradley was resumed. Friday it was apparent that the prosecution would soon complete its testimony, and the attorneys for the defense were prepared to present their side of the case as speedily as possibl.

At the adjournment of court Thursday District Attorney Baker was engaged in an effort to obtain from members of the police force the details of the confession said to have been made by Mrs. Bradley immediately after her arrest on the charge of shooting former Senator Brown. Up up to that time, Mr. Hoover had successfully opposed this purpose because, as he claimed, it was tainted under the false assumption on Mrs. Bradley's part that what she said would not be used against her.

The district attorney was not especially persistent in pressing the point and was quite inclined to drop it altogether. The only remaining feature of his direct presentation of the case is that relating to threats which it is claimed, Mrs. Bradley had made against Mr. Brown while she was still in Salt Lake City, and Mr. Baker notified Mrs. Bradley's attorneys that very little time would be consumed on this feature of the case.

It was stated on behalf of Mrs. Bradley that the defense would be begun with the presentation of testimony to sustain her plea that she was insane and irresponsible when the shooting occurred, but that this would be preceded by a statement from Mr. Hoover outlining in detail the evidence upon which this plea would be made.

PRAY FOR SUCCESS.

Prayers Offered by College Football Players for Victory.

Richmond, Va., Nov. 16.—For the first time in the history of any college so far as known, prayer was offered up Thursday by the students of Eartham college for the success of the Eartham football team Saturday.

In consequence, every player is trying to do his best to demonstrate the efficiency of the supplication. Eartham college is conducted under the auspices of the Quakers.

The opponents of the Eartham team a team from Depauw university, are expected to rely solely on brute strength and common gray matter.

Officers Are Elected.

Savannah, Ga., Nov. 16.—The annual meeting of the Southern Express company, held here, was attended by President M. J. O'Brien, New York, and other officers. There was no change in either the officers or directors. The Southern Express company is owned largely by Henry B. Plant, the millionaire railroad man of New York. The officers of the company, who were re-elected, are: President, M. J. O'Brien, New York; vice president, O. H. Tillinghast, New York; vice president, Walter Lane, of Chattanooga. These with Leon O. M. Saddler, of Charleston, S. C.; T. W. Leary, of Atlanta; J. O'Brien, of Chattanooga; Mr. Williams, of New York, and S. Gilbert, of Washington, constitute the board of directors.

Executive Mansion Sold.

Lincoln, Neb., Nov. 16.—Governor George L. Sheldon was notified today that the executive mansion had been sold for the delinquent taxes for 1899, and unless the taxes and costs were paid a tax deed would be issued according to law. The taxes amount to $332 and the interest and costs to $82. The mansion was purchased in June, 1899, by the state from Powell Thompson, United States ambassador to Mexico, for $29,000.

...LLS OF JUSTICE ARE STILL GRINDING

...any Cases Disposed of in Friday's Session of Circuit Court.

JUDGE COMPLIMENTS COUNTY

He Feels Gratified That a County So Large in Area as Alachua Should Pass Through Term Without Single Indictment for Murder.

From Saturday's Daily Sun.

The circuit court convened at 9 o'clock Friday morning, Judge Wills presiding.

The following cases were disposed of:

State vs. Irene Ross, selling liquor in a county which had voted against the sale of same. Case continued on account of illness of the defendant.

State vs. S. J. Slaughter, disposing of mortgaged property. Case nolle prossed.

State vs. D. W. and Mattie Jones, selling liquor in a county voting against the sale of same. Defendants arraigned and plead guilty.

State vs. John Bullock, selling liquor in a county voting against the sale of same. Defendant arraigned and pleaded not guilty. Jury called and sworn, evidence submitted, and verdict returned of guilty.

State vs. Andy Gordon, assault with intent to murder. Defendant arraigned and pleaded not guilty. Jury called and sworn, evidence submitted, and verdict rendered of aggravated assault.

State vs. Tom Williams, alias Tom Buck, assault with intent to murder. Defendant arraigned and pleaded not guilty. Jury called, evidence submitted, and jury returned a verdict of guilty of intent to commit manslaughter.

State vs. E. D. Atkinson, obstructing an officer in the discharge of his duty. Case nolle prossed.

State vs. Frank Hadley, grand larceny. Defendant arraigned and pleaded guilty.

State vs. Charlie Ganzey, selling liquor in a county which had voted against the sale of same. Defendant arraigned and pleaded guilty.

During the session the grand jury filed into open court and reported that its labors had been completed for the term, and after this report the court extended its thanks for the efficiency of the jury, collectively and individually, after which the jury was discharged.

It is said that sixty-nine indictments were found by this grand jury, more than half of which were informations for selling whiskey.

Compliments the County.

In speaking of the report of the grand jury Friday night, Judge Wills called attention to the fact that, of all the indictments, not one was returned for murder, which was a remarkable incident, considering the great area of the county, and the nature of the interests in the outlying districts, being of a mining nature, where people of all classes as a rule are employed. "This shows," remarked Judge Wills, "that you have not only a remarkably law-abiding class of citizens in the management of these industries, but a remarkably law-abiding class of laborers, and I congratulate sincerely the situation in this county in the matter of capital crime."

The court will convene at 8:30 o'clock this morning, and will probably adjourn at noon for the week.

Mr. Turner Rebuilding.

S. L. Turner of Lake View was in the city Wednesday.

It will be remembered that about a year ago Mr. Turner had the misfortune to lose his home, which had just been completed at great expense, by fire which was a total loss, without insurance. Determined not to be outdone, however, and with that pluck and energy for which he is to be commended, he is rebuilding, and proposes to make a neater home for his family now than before.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

COSTS $25,000 TO RAISE A BOY

Great Expenses of Having Children Causes Decrease in Births.

It is not only the tenement landlord who discourages children, says The November Delineator.

Side by side with the landlord marches the economist, with frightening figures, in this crusade against children. It costs upper-middle-class parents twenty-five thousand dollars to raise a boy, and half as much to raise a girl, so says Professor John Graham Brooks, of Harvard. Just to get the tiny garments ready, to pay the doctor and nurse, and launch the little life, costs, someone else has figured, from ninety-five dollars in some small Western towns to four hundred and fifty dollars in lavish New York.

"It costs too much to have a baby here," said a dusky mother of six—five little Italys and one Young America. "In my country the doctor come for one dolla. For this baba I pay twenta-five."

Nor is the money cost the only charge counted against the baby. There are many other items that swell the bill.

"I would give ten years of my life for two boys like yours," said a childless woman earnestly to a mother.

Quick and incisive came the reply: "That is just exactly what you would have to give."

PLAN TO FIGHT DISEASE.

Druggists Will Battle Stomach Trouble in Gainesville.

The increase of stomach troubles in Gainesville has led J. W. McCollum & Co. to take effective measures to combat the disease.

They have the local agency for Mi-o-na stomach tablets, and in order to induce people suffering with weak stomach or indigestion to use the remedy, offer to supply it with the distinct understanding that money will be refunded in every case where it does not cure.

Mi-o-na is not a mere digestive, but an absolute strengthener and builder-up of the whole digestive tract. If you suffer with headaches, giddiness, palpitation, bad taste in the mouth, nervousness, coated tongue, distress after eating, use Mi-o-na and see how quickly these symptoms of a weak stomach will disappear.

The remedy strengthens the muscular walls of the stomach and increases the flow of gastric juices so that nourishment is extracted from the food and the refuse is expelled without the aid of purgative or laxative medicines.

Remember that J. W. McCollum & Co. give a guarantee to refund the money unless it cures. They take all the risk, and there is no danger of your losing anything except indigestion when you buy a 50-cent box of Mi-o-na.

WHOLE FAMILY OF WHALES.

Seven in All Beached Themselves Near Tarpon Springs.

[St. Petersburg Times.]

Conductor Charles Lee, of the Atlantic Coast line, recounts a very strange incident and spectacle on the Gulf coast near Tarpon Springs of a part of which he was an eye witness.

During the lay-over at Tarpon Springs Sunday Mr. Lee heard that some blackfish, the huge kind, of the whale family, had beached themselves near the sponge krawls at the mouth of the Anclote river, and he made up a launch party to go out and investigate. They found seven of the monsters all lying upon the beach with their heads landword, as regularly and evenly as if carefully placed by hands. Six of them were within a space of 200 feet and the other some 300 feet away. They were all about the same size, 15 to 20 feet in length, 7 feet in height and 4 or 5 feet "beam," and weighing probably 3,000 pounds each.

Mr. Lee states that it is said to be the habit of the whale family to come ashore to die, a matter that is new to us, but the circumstances can scarcely be accounted for in any way than by voluntary action. There was no storm nor unusual tide to drive them ashore and the exact similarity of their position was remarkable.

A Mr. Hall who has charge of the krawls said that they came up on the high tide Wednesday night and died as it left them Thursday. A large crowd later went out from Tarpon Springs to see the strange sight.

Mr. Lee made arrangements to have the head and backbone of the largest one prepared and sent to him, and they will be interesting additions to the various trophies of the deep owned in St. Petersburg.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

CATARRH BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane; this membranous tissue is abundantly supplied with blood vessels, veins, arteries, and capillaries. Each of these is constantly supplying to this tissue or lining, blood to nourish and strengthen it and keep the system healthy. When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its early stages, when Catarrh is confined to the nose and throat, sprays, washes, inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S. does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy. Then the blood vessels are filled with fresh, reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured. Book on Catarrh and any medical advice free to all who write.

THIS DAY WAS SET TO LIQUOR

So It Appears From the Docket of the Circuit Court.

EVERYTHING WAS WHISKEY

Five Defendants Arraigned, Which Took Up the Time of the Court During the Entire Day—Every Defendant Convicted at Profit to County.

From Friday's Daily Sun:

The fourth day of the circuit court opened promptly on time, at 9 o'clock Thursday morning, Judge Wills presiding.

From the record of the docket, it would appear, it was a day when all alleged offenders of the liquor law were to be arraigned, as every case brought before the court during the day was a case in which the defendant was charged with selling liquor in a county which had voted against the sale of same.

The first case called was that of the State vs. Nancy Harris, selling liquor in a county which had voted against the sale of same. Defendant was arraigned and pleaded guilty, when the prisoner, a colored woman, was released upon her own recognizance, subject to the order of the court.

The next case called was State vs. Steve Clayton, the charge being selling liquor in a county which voted against sale of same. The defendant was arraigned, pleaded not guilty. A jury was called and sworn, evidence submitted, and a verdict returned of guilty.

Thomas Jackson, selling liquor in a county which had voted against the sale of same. Defendant arraigned and pleaded not guilty. Jury called and sworn, evidence submitted, and verdict returned of not guilty.

State vs. Moses Johnson (an old offender), selling liquor in a county voting against the sale of same. Defendant arraigned and pleaded not guilty, but a jury found him otherwise.

State vs. Phillip Johnson, selling liquor in a county which had voted against the sale of same. Defendant arraigned and peladed not guilty. Jury called and sworn, evidence submitted, and jury returned a verdict of guilty.

During the session of the court the grand jury came into open court and returned three true bills.

In the presence of the court and the clerk and sheriff, the Judge drew from the box the following names, who are to serve as jurors for the coming week, beginning Monday:

James Collins, L. P. Tillman, T. M. Carlton, C. C. Drummond, W. H. Jones, Henry Davis, W. A. Strickland, M. H. Slaughter, G. H. Gibbons, H. C. Parker, C. M. Beech, F. M. Coleman.

The clerk was instructed to issue a venire for the above, after which court adjourned until 9 o'clock Friday morning.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Jones, Birmingham, Ala. These tablets are for sale by all druggists.

RESOLUTIONS OF RESPECT

Passed by Circuit Court in Memory of Captain Henry C. Denton.

To the Hon. J. T. Wills, Judge of the Circuit Court of Alachua County, Florida:

The committee appointed by your honor to draft resolutions in commemoration of the life and services of Captain Henry C. Deaton, a former clerk of this court, has the honor to report the following:

Whereas, Henry C. Denton, a former clerk of this court, has lately died, and it is appropriate that the members of this bar should pay a tribute to his uniform kindness and politeness to them while such clerk and that there should be placed upon the records of the court, which he for so long a time faithfully served, a memorial of his many virtues and noble qualities, therefore be it

Resolved, That in the death of Captain Denton this bar has lost a true friend, this community an old and esteemed citizen, and his family a devoted husband and father.

Captain Denton was born in Georgia, but has lived in Florida since 1853. In 1876 he married Miss Kate M. McCaa, and leaves her, his widow, and two children.

He was elected tax collector of this county in 1880, and held such office for many years. In 1892 he was elected clerk of this court, and faithfully and efficiently filled the position until 1904.

Captain Denton was a brave Confederate soldier, doing his duty as such, at all times and under every circumstance, to the end.

Resolved, further, That, with the consent of this court, these resolutions be spread upon its minutes and a copy thereof be sent by the clerk of this court to his widow, and copies delivered by said clerk to The Sun and The Elevator with a request that they publish the same.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

Negro Adjudged Insane.

John McCrae, colored, who has been confined in the county jail for several days, has been examined by a lunacy commission comprising Drs. C. L. Carter and J. M. Bell, and W. M. Torley, and adjudged insane.

It is rumored that the father of the unfortunate man will take him back to his former home in South Carolina.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

THORNWELL ORPHANAGE.

Shall These Orphans Have a Thanksgiving?

Dr. Jacobs of the Thornwall Orphanage, Clinton, S. C., writes:

"A little child alone in the world, its bright black eyes filled with tears, came to me held by the hand of a good woman. Only five years old, fatherless, motherless, she finds herself after a long ride on the cars, under the care of a friendly traveler, at the door of the Orphanage. But poor little thing, she knows nothing of where she is, does not even know the place from which she came; she has her name written on a slip of paper as an introduction to the friends who are hereafter to care for her. She brings a little package under her arms—it is her all of worldly goods. So it was, only a few weeks ago, but now how different. Tears are dried. She is opening her bright eyes to the lessons that come to her daily. Falling into the routine of chapel and school and dinner and play, she is waking up, her young soul is speaking through lips and fingers and feet and dimpled cheek.

"Someone now loves the little girl. Someone puts her to sleep at night after her lips have whispered 'Our Father.' She is finding a home, she is finding herself, she will some day find God."

This little child was welcomed to the loving care of the Thornwell Orphanage. Every one of the 250 children in the school of that institution have had more or less of the same experience. It is true that between them and grim necessity there is today a strong wall of defence. But the people who love God and little children are that wall. The Orphanage is under Presbyterian control, but it is for all orphans. It turns none away because of its father's faith. There are 158 orphans from South Carolina under its care, 62 from Georgia, 23 from Florida, and the rest from ten other Southern States. Not one has a living father.

Send gifts of provisions or money to Thornwell Orphanage, Clinton, S. C., making checks payable to Dr. Jacobs.

LINGERING COLD

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

North Gainesville Improvements.

The thriving burg of North Gainesville is never behind when it comes to improvements, or anything else, for that matter. This section of the city is inhabited by a thrifty class of well-to-do people, the majority of whom own their own homes, many of which are marvels of beauty in architecture and surroundings.

Among the latest contemplated improvements in North Gainesville is an eight-room residence, which will be erected by Attorney W. H. Palmer on what is known as the Steenburg property. The ground is now being prepared, and as soon as material can be placed upon the ground, work will begin.

This building will be a two-story structure and will be modern in every particular.

We were under the impression that the 'ignorant negro vote' was already disfranchised in Florida under the Australian ballot system.

Aside from the reports of progress in Palatka, and the contemplated improvements in the nature of building, paving, etc., as recorded in the Palatka Times-Herald, it would seem the prohibition victory in Palatka, especially in the city by a majority will not prove such a calamity as the anti-temperance people would picture it to be prior to the election. Old Putnam and her chief city can show those who cried 'ruin' to commercial and manufacturing interests a thing or two.

WASHINGTON CORRESPONDENCE.

Washington, D. C., Nov. 14.—The result of the elections shows the general trend towards Democracy, and in a great measure indicates a Democratic victory next year. New York and New Jersey will be the great battle ground, with the result depending upon the independent vote in both States. The question of an attractive Presidential candidate to appeal to those independent voters will be paramount when both the conventions of the great parties meet. At the same time the feelings of the rank and file of both parties must be considered by the political managers, for neither party can afford to have any serious schism to cause a loss of votes, so the nominees and the platforms must be generally approved by the regular party followers. Such conditions will put the party managers to their trumps, and should result in both conventions nominating their most available men, instead of the successful factions riding roughshod over the other faction. The defeat of Congressman Burton by Tom Johnson will help to eliminate Taft and aid the Foraker faction in Ohio. It will also bring Tom Johnson to the front as a possible candidate for President upon whom the Democrats can unite. How the party leaders in New York, New Jersey and other doubtful States would view Tom Johnson as the candidate it is too early to decide. He may be thought too radical in some of his views, but there is not much doubt that the great mass of Democrats everywhere would rally to his standard, if they arrive at the conclusion he can best unite the party. Tom Johnson is friendly with Mr. Bryan, although he does not endorse Mr. Bryan's view of the necessity of Government ownership of railroads, but is an ardent advocate of municipal ownership of public utilities. He is a single taxer and a free trader in theory, but uses his efforts for equal taxation of all alike. Tom Johnson believes faithfully in that good old Democratic doctrine of "equal rights to all and special privileges to none."

Congress will meet in less than a month and we may expect every member to be loaded with one or more speeches on the financial issue. All will have a panacea for panics, and but few agree on details for further inflation of the currency, whether of the "asset" or "secured" variety. The coming session of Congress will be more devoted to oratory than to the passage of remedial legislation for the ills that Republican policies have forced on the country.

The panic has had such a sobering effect on President Roosevelt that he is re-writing that portion of his message which relates to the finances and corporations. He has conferred with the steel trust magnates about those matters and it is currently reported he will tone down his recommendations to the tune of the times, as the corporation magnates think advisable. Thus the message to Congress will reveal that the Roosevelt of today is not the Roosevelt that has so frequently denounced the bad trusts, and the criminal rich, and the malefactors of great wealth.

"Oh, what a fall was there, my countrymen;
Then you, and I, and all of us fell down,
And bloody treason flourished over us."

ROBERT MILLER.

That man is blessed beyond compare in whose home the child's voice is heard. All of life's nobler interests begin when the baby comes. Its dancing eyes and tiny hands touch every hidden spring. They compel you to gird yourself for harder toil if they are to be fed by it. The baby's dear little hand strikes from your brow the sweet of the day's labor. That man is blessed if a tiny form gathers about his knees when the day's work is done. Once to enjoy it, and then to lose, is to pass from heaven to hell. Pity the man whose baby cannot nestle close on his breast when the shadows fall!

Our old friend, J. W. Keys, who was for a long time employed as a typo on The Sun, has been making further discoveries, declaring now that he can produce the proof that oil exists in Gadsden county. He evidently has the "Keys" to the situation. Mr. Keys was always an explorer and prospector, and is by no means slow in the work. Having made a special study of minerals, etc., through actual observation and experience, his statement may be correct. At any rate, it is worth investigating.

DR. HOLLEY'S NEW CHURCH.

Rev. J. B. Holley, for some time pastor of the First Baptist church in this city, and who has many friends here, but who for the past two years has been pastor of the Second Baptist church in Augusta, Ga., is rejoicing over the erection of a new church for his congregation, and the people of that city are rejoicing with him.

Rev. Holley is not only a fine speaker, but an eloquent worker, as has been proven that through his efforts he has raised more than $15,000 for a handsome new church for his congregation in Augusta.

The people of the Second Baptist church of Augusta evidently appreciate their pastor for what he has accomplished there, for, in addition to increasing his salary, the congregation recently voted that himself and wife should have a trip both to the State convention in Valdosta and the Southern Baptist convention, which will be held in May of the coming year, at the expense of the church.

The Augusta Chronicle of recent date has the following to say regarding the new church and its pastor:

"Congratulations are extended today to the pastor and congregation of the Second Baptist church, which holds its opening services in its new edifice. This is one of the smaller congregations of the city, but there are few if any more energetic and progressive. Especially since the coming of its new pastor, Rev. J. B. Holley, has it forged steadily to the front, and this morning enters formally a structure that is creditable not only to this congregation but the city generally which possesses many church edifices. The building repsents an outlay of fifteen thousand dollars and has been built within the past eight months, though preliminary preparations had been under way for some months before actual work begun. It is a handsome pressed brick structure on Kollock street and is architecturally imposing within and without."

A SENSIBLE CONCLUSION.

The Florida Times-Union of the 14th inst. contains the following interesting and timely suggestion under the caption, "Exit the Forest—Enter the Farm:"

"It is with the forest as with the buffalo—they must go that man may come. Dismal pictures constantly eminate from Washington of a future wherein the place of the forest will be vacant, and we are told that deserts will confront us in their stead, but who believes all he hears? Until the land is needed for farms or demanded in some other shape by our population it is well to reserve forest areas in moderation, but it will be found that excess is always dangerous, and the need for spending millions in tree planting does not yet appear. Pinchot's fad is all right, but a fad that runs away with a President doesn't look so well. Man adapts himself to the needs of civilization. As lumber grows scarce and high we find something better to serve our purposes.

"Edison is to build us a better and safer house at half the cost of wooden dwellings. Throughout this country there are many plants now a mere burden on the surface of the earth from which to make paper. Our State would be the richer for the absence of the saw palmetto, and yet that can furnish paper for many years with by-products that should pay the expenses of collecting the plant at least. At present the greatest obstacle is the absence of machinery to pull it out of the ground or cut it off by wholesale as wheat is reaped.

"If we must keep the forests because we want fuel, we answer that the farmer can grow potatoes for alcohol and alcohol makes excellent fuel. The treeless plains of the West want a fuel easily transported and here alcohol is better than coal, if it be cheap enough. Remember that it was the tax that made it expensive, and the tax alone. Alcohol for fuel should be almost as cheap as water.

"Let the farmer's crops furnish paper, fuel and fibers; then the demand will create more farms and another period of development ensue."

Honor to Miss Clem.

Miss Clem Hampton of Tallahassee has been selected as secretary of the Studenthelp Fair in place of Rev. F. P. Ensminger, resigned, who surrendered the position to devote himself exclusively to the ministry. No. better selection could have been made. Miss Hampton is a lady of great energy, activity and resourcefulness. Nothing she undertakes fails and remarkable success crowns her efforts. Already from all parts of the State comes the news that increased interest is being taken in the Studenthelp Fair.—Brooksville Argus.

A Methodist Minister Recommends Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.—Rev. James A. Lewis, Pastor Milaca, Minn., M. E. Church. Chamberlain's Cough Remedy is sold by all druggists.

Senator John Beard Here.

From Saturday's Daily Sun.

Among the prominent visitors to Gainesville is Hon. John S. Beard of Pensacola, candidate for the United States Senate, who stopped over en route home from Ocala, where he has been to attend the "Coming Out" convention.

Senator Beard has many friends in this city, all of whom were delighted at the opportunity to welcome him to old Alachua. He was kept busy talking to these friends and new acquaintances Friday night.

A Good Liniment.

When you need a good, reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by all druggists.

OD PLAY-HOUSE MAY BE ERECTED

is Kalbfield of Palatka Wants to Establish Circuit.

AN OLD THEATRICAL MAN

s for Years Owner and Manager of a Minstrel Organization, But Becoming Impressed With Florida Located Here.

om Saturday's Daily Sun.

At last the chances are somewhat vorable to a new and up-to-date era house and public hall for Gainesville, at least, they are more vorable than they have ever been fore, which is due to the earnest d persistent efforts of Louis Kalbld of Palatka, aided by an encouring letter from Col. C. R. Layton of s city, who intimates that he is ill willing to cooperate with Mr. Kalbld in the matter of securing a re-pectable theater, and placing Gainesille on the circuit with Palatka, Sanford, Orlando, Ocala and other cities

Mr. Kalbfield, who is an old and rominent member of the theatrical rofession, was once owner and manger of the famous Kalbfield Minstrels in their day among the best on the road. Manager Kalbfield finally rifted with his company as far South s Florida, and Gainesville was one f his points. At that time, which was bout five years ago, he became imressed with this city, and readily saw that a good opera house here would prove a paying investment, as he could see in the future a bright prospect for the city, and his forecast has been realized.

Mr. Kalbfield became so impressed with Florida, its congenial climate and hospitality, and when the theatrical season closed that year he gave up his profession, which had been paying him handsomely, and settled in Palatka, where he has since resided, being now "the busiest man in town" in reality, as his friends dubbed him. He is the manager of the New Arlington and Graham Hotels, and through his persistent efforts has had erected in Palatka one of the prettiest and most modern little play-houses in all the South.

As has been stated in these columns before, Manager Kalbfield is desirous of establishing a circuit of a few of the leading cities of the State, and has been in correspondence with friends here in the premises. He pays Gainesville a high compliment by declaring that it is among the most up-to-date inland cities of the South and he feels sure that the venture would pay the man with the means a handsome interest on his investment to erect an opera house here as a good play-house would attract some of the large and important shows of the country to Gainesville. "There is no use talking," remarked to a Gainesville man in Palatka a few days ago, "Gainesville is a good, healthy town, full of good people, and they are as a rule love refined and if they only had a modern opera house, would attract first-class plays, pack the house every

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NOTES FROM BELL.

Bell, Fla., November 14.—Photographer John C. Black is located here. In addition to picture making he has a moving picture show and gave an entertainment Saturday night which was quite a treat to the children.

Married, at the residence of the bride's parents, Mr. Horrah Sapp to Miss Florence Martin. May the tide of fortune ever drift them gently down the stream of time.

Mrs. C. C. Fletcher opened her millinery store this week and asks all to call and see the bargains she offers.

Bennie Brown is wearing a happy smile. A 12-pound girl at his house; mother and baby are doing well.

Clowers and Weeks Miller were here this week on business.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Prominent Visitors.

Among the prominent visitors in this city are Hon. Jefferson B. Browne and his good wife of Key West, who arrived Friday from Ocala en route to Jacksonville and other points. They were en route from Ocala, where, on Thursday, they attended the "Coming-Out" convention so cleverly designed by Frank Harris, and where Mr. Browne made many new acquaintances and many new friends.

Mr. and Mrs. Browne will remain in Gainesville until tonight or tomorrow, guests of The White House.

Train Was Delayed.

Owing to a derailed trailer, the train from Cedar Key to Jacksonville, due here at 7:40 a. m., did not arrive until 10 o'clock Friday morning.

It is so seldom that an accident occurs to this train that it seems a little out of the ordinary. It is one of the most regular in the State the year around, as far as the schedule is concerned, never varying more than a few moments the year round.

This is Worth Remembering.

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. J. W. McCollum & Co.

MRS. R. WILSON

A DELIGHTFUL OCCASION.

Miss Mamie Fewell Entertains in Honor of Her Fifteenth Birthday.

Upon the occasion of her fifteenth birthday, Miss Mamie Fewell entertained a large number of friends at her home on West Church street Friday afternoon from 4 to 7 o'clock, and those who attended reported a most delightful time.

The afternoon was passed in a manner appropriate to the occasion, there being many interesting, as well as amusing, games. Fishing for prizes was about the most amusing of the entire program, as it brought forth a great deal of merriment from the young folks. Thomas Swearingen secured the first prize, and Miss Eloise Douglass second prize, for fishing grape fruit.

There was also an interesting contest for shooting the bow and arrow, in which George Dell exemplified his accuracy and secured the prize.

The decorations were simple, but attractive. There were fifteen candles, representing the years of the young hostess' life, all burning brightly. These candles were located on a large cake, and were extinguished by fifteen boys and girls in turn, as follows: George Dell, Eloise Douglass, Bernice DeLand, Nell Raglin, Carrie Perry, T. J. Swearingen, Jr., Chester Harrold, Mason Richardson, Ruth Jernigan, Jeanette Morrison, Marion Manasse, Roy Nixon, Eleanor Nixon, Robert Jones and Wallace Parham.

Delicious refreshments of ice cream, cake and oranges were served, and at the hour of 7 the young folks departed, wishing the clever young hostess many happy returns of the day.

Miss Mamie is the daughter of Mr. and Mrs. Henry Fewell, and is quite popular among the young people.
